To Whom It May Concern:

This letter is written in order to express my extreme satisfaction with the vinyl fencing job that Steve & Laquetta Kerwin did for us last year. First, Steve was very instrumental in helping my wife and I design the layout of our fence, and he was extremely helpful in explaining to us the options available for our situation and what fence design would work the best and look the best on our little ranch. In bidding the job, Steve was very specific on exactly what he was going to do, how he was going to do it, and what every aspect of the job would cost. And we were very impressed that Steve made sure that every phase of the job was in writing before he started his work. In watching Steve build our fence, it was obvious that Steve takes great pride in his work, and that he proudly stands behind it. The job was finished on time and for the exact price that Steve quoted us in the beginning, and we couldn't be happier with what he has done for us and the beauty and functionality that he has added to our property with his workmanship. We were also impressed that Steve's employees were hard-working and polite. I can fully give my recommendation for Steve & Laquetta Kerwin for building anyone's fence, private or commercial.
